

Presented by:

Nelson Cantillo – Tri Boro Shelving & Partition

Mike Guerrero – Western Pacific Storage

Dennis Smith – Penco Products

About SMA

- Non-profit Industry Group of MHI
- Formed in 1974 by visionary industry leaders
- Members are leading manufacturers from throughout the world
- Mission: To advance standards, quality, safety and general fitness for intended use of industrial storage equipment

About SMA

- Voluntarily support design and manufacture of products in accordance with appropriate American National Standards
- Evaluate and Analyze Market Trends
- Conduct Product Testing and Research
- Develop New Product Safety Standards
- Sponsor Education Programs and Events

SMA Product Classifications

- Steel Shelving
- Industrial Mezzanines
- Work and Assembly Stations
- Modular Drawer Equipment
- Clothing Storage Lockers
- Moveable Base Equipment
- Storage Containers

Shelving The Flexible Solution

Industrial Steel Shelving Adjustable, Open & Closed

Industrial Steel Shelving Accessories

Drawers

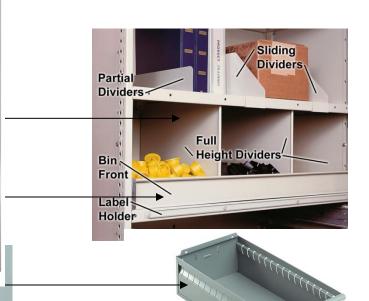

Doors

Dividers

Bin Fronts

Shelf Boxes

Front Bases

Boltless Shelving

Boltless Shelving Highly Flexible Solutions

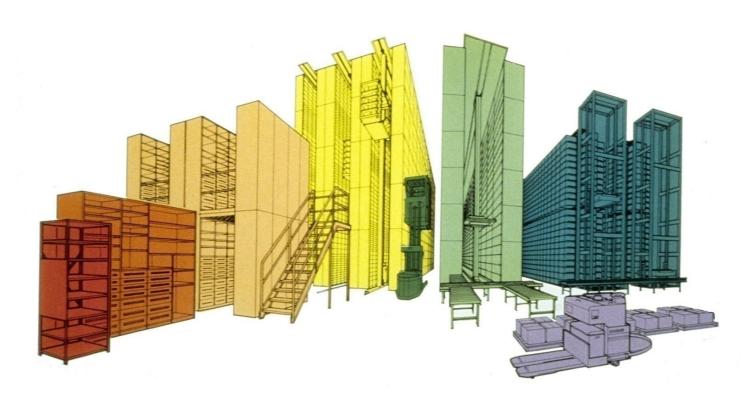

High Bay Storage & Multi-Level Shelving Pick Modules

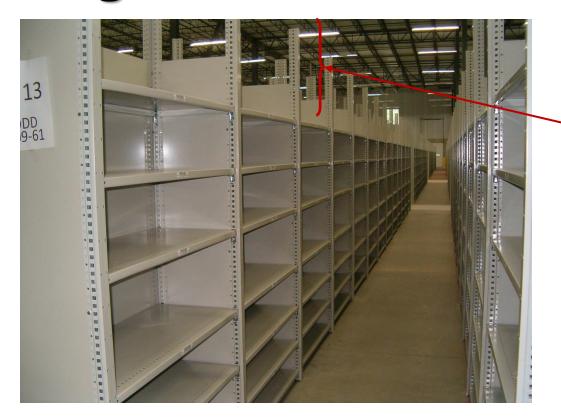

High Bay Storage

Phase 1 Designed for Future Catwalk

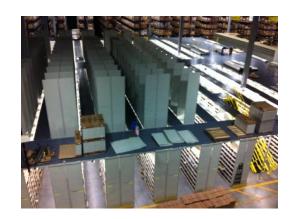

Phase-1 (floor level)
With provisions for a future 2nd level

Starting 2nd Phase of a 2 Level

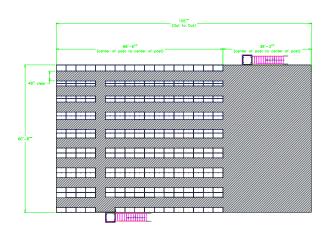

2 Level System – With a Deck-Over

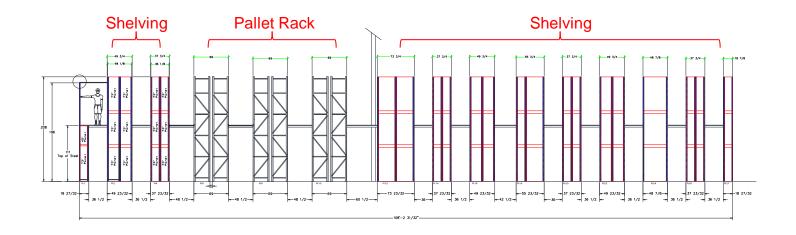

Typical Guarding When Burying a Column in a Bay

Pallet Rack Integrated into Pick Module to Handle Bulky Items

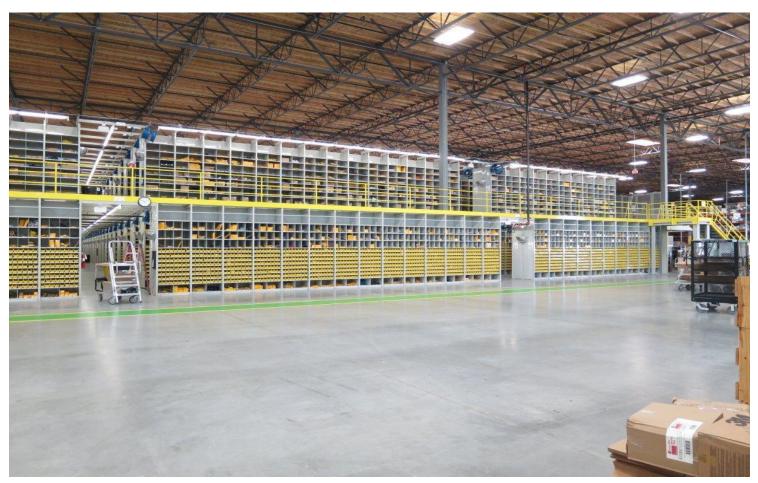

Pallet Rack Integrated into Pick Module to Handle Bulky Items

Complete Multi-Level Pick Module

Flooring Systems

Components of a Flooring System

Solid Decking Surface

Open Bar Grating

Components of a Flooring System

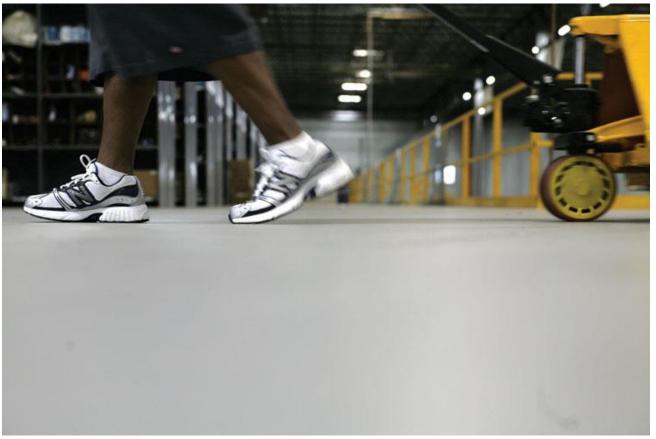

Moisture Resistant Engineered Wood Composites

Moisture Resistant Engineered Wood Products

Bar Grating

Standard Welded Bar Grating

Bar Grating

Shelf Supported Grating Floor

Bar Grating – Close Mesh

Suitable for rolling loads

Using the Proper Flooring System will Result in Good Versatility & Long Term Performance

Specifications

- ANSI MH26.1 Specification for the Design and Testing of Industrial Steel Shelving
- ANSI MH26.2 Specification for the Design and Testing of Metal/Wood Shelving
- ANSI MH 26.3 Specification for the Design Manufacture and Installation of Industrial Work Platforms
